#### The ASSET final event

Monday, October 30, 2017 - 11:00

ASSET is close to its conclusion and a concluding conference will be held in Rome, on October 30-31, to present all the main outcomes of the project. This event will take place at the hotel NH Roma Leonardo Da Vinci and will be targeted to a selected audience of EU stakeholders and policy makers. Its aim is to enhance advocacy and intersectoral approach in a multisetting scenario applied to fostering preparedness and response toward Public Health Emergency of International Concern (PHEIC), like epidemics and even pandemics.

## **The citizen consultation at the European Parliament**

Wednesday, April 26, 2017 (All day)

Members of the ASSET projects will present the results of the citizen consultation that took place in eight countries on September 2016 at the European Parliament. Such an event is part of the science-in-society approach performed by the project within the framework of Research and Innovation related to pandemic preparedness. ASSET citizen consultation is an innovative method of engaging citizens on complex issues, providing them with information before asking questions.

## European Immunization Week 2016

Sunday, April 24, 2016 (All day)

European Immunization Week (EIW) is celebrated across the WHO European Region every April. It aims to raise awareness of the importance of immunization for people's health and well-being. Activities in 2016 will focus on the progress and challenges in the Region's concerted effort to eliminate measles and rubella. EIW is going to be celebrated on 24-30 April 2016.
